Using Spellbinders™
Nestabilities® Die Templates

Registration Begins:

August 9, 2010

Start Date:

November 5, 2010

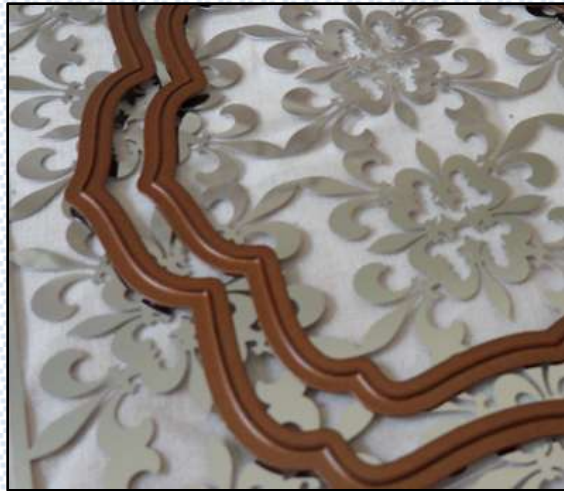

Length of Course:

4 Weeks

Cost:

\$25.00

You should take Die-cutting with Spellbinders™ Projects if you've taken Spellbinders™ 101 and Spellbinders™ 201 and you're ready for more fun and creative projects using the techniques you learned and are anxious for MORE or you are ready for a class that offers creative projects using Spellbinders dies!

In this 4 week course we will use our Spellbinders™ Nestabilities dies to create beautiful holiday decorations, home décor items and other fun and creative projects that you can tailor to use a number of creative supplies you already have on hand!

Supply List

- Die Cutting Machine
- A variety of Spellbinders™ Dies: Nestabilities, Borderabilities, Edgeabilities, Shapeabilities, Frameabilities, or Impressabilities
- Magnetic Mat and embossing mat
- Variety of Patterned Papers
- Stamping Inks
- Variety of patterned papers and cardstock, fabrics, embellishments and trims
- Markers
- Paper Trimmer, Scissors
- Variety of Adhesives
- Sewing Machine, Computer and Printer

* This list may be added to as the course is further developed.
