

## Equipment & Supplies List

I am pleased you are considering one or more of my courses. I am excited to share these creative and informative sessions with students from all over the world.

When students join me for my classes they will need to have a basic scrapbooking tool kit containing the following items:

- paper trimmer or a craft knife
- self-healing craft/cutting mat
- steel ruler
- pencil
- pens for journaling (black and white at a minimum)
- pair of small scissors with a pointy tip
- large pair of scissors
- acid free double sided tape
- acid free strong, clear liquid adhesive

I do not always provide a materials supply list for my courses... this is because students will use their own supplies and all projects can be made using readily available materials from the student's stash or scrapbooking or discount stores. My aim is to teach students how to complete projects and challenges using their style and taste in materials.

You will need to purchase or source a supply of scrapbooking papers and cardstock in colours and designs of your choice. You will need at least 20 sheets of printed papers and 40 sheets of cardstock for my longer courses. My shorter, project courses will usually specify the materials required.

Simple embellishments of your choice should also be part of your supplies kit. I suggest purchasing or sourcing a range of stickers, ribbons, rub-ons, chipboard shapes and letters, buttons, fabrics, metal charms or shapes, rhinestones or gems and anything else that you like to use.

If you have any questions you would like to ask before enrolling or before you begin this course, please email me and I will happily answer your concerns. I look forward to getting to know you a little better. Happy Scrapping!

My name is Kylie Hopkins and I am a scrapbooking instructor with many years of experience in teaching students how to develop their own unique style within their scrapbooking. I am very excited to share some creative inspiration with you through a variety of comprehensive courses for beginners to advanced level scrappers at [My Creative Classroom](http://www.mycreativeclassroom.com).
