

This class will cover these topics:

Copic marker styles, basic care, storage and refilling, the Copic numbering system, inks and papers

Color combinations and basic 2 color blending, natural blending families, blender pen

Alternative Methods to blend and shade, 3 color blending, Copic markers and mixed media

The Airbrush System, not necessary to have one for the class but you will learn how much fun they can be.

The class will include instructional slideshows, photo tutorials, videos, a student art gallery, discussion forums and additional informational links. This is **NOT** a Copic Certification class **NOR** a coloring class, but a class devoted to Copic markers, their use and maintenance.

Supply List:

Paper suitable for Copic markers

(Suggested: Curious Cryogen White 89lb cover; Neenah Classic Crest Solar White 80lb cover; Beckett Expressions Radiance White 80lb cover)
