

Scrapbooking Your Family History Supply List

A portion of the class will be devoted to genealogy. The rest of the class we will begin to create our scrapbook. These supplies are suggestions. Please use what you have on hand. If you have any questions, please feel free to email me at shirleypando@earthlink.net. You may want to color coordinate your album to have a vintage or aged feel. Choose supplies to reflect that feel. We'll be going over this aspect of our albums in class.

Pull out your stuff 'cause we're gonna play! ☺

Materials:

- Cardstock, patterned papers, vellum (plain and/or printed)
- Mulberry papers, handmade papers
