

## Shabby Pockets Mini Album

Create this one-of-a-kind hand-made mini album as a family keepsake, documenting a treasured event or time. Just like a good red wine, it will only get better with age. Each page is actually a pocket containing a card for your journaling to be recorded. The album measures 6" x 6" and is made from gorgeous double-sided papers by Crate Paper.

Kylie made this album as a keepsake for her new baby but you could adapt this project to suit any subject or recipient.

**NOTE:** there is no kit available for this course, however, you may use items from your own stash or purchase items from the materials list provided.

### Materials & Equipment List:

- Papers from the Crate Paper New Garden Collection, you will need 2 of each paper in the collection along with the die-cuts page.
- 4 sheets of coordinating 12" x 12" cardstock in shades of pale blue, brown, off-white and pale orange.
- A 24" length of coordinating ribbon.
- Brown ink pad.
- Selection of embellishments of your choice.
- 12" Paper Trimmer.
- Corner rounder.
- Pen for journaling.
- Double-sided tape.
- Strong (fast drying) liquid adhesive - I like to use Glossy Accents or Dimensional Magic.
- Sewing Machine.

**NOTE:** These are just suggested materials, you could use papers from your stash or another paper collection from Crate Paper if you prefer.

The example above uses a different Crate Paper collection. Try using your own choice of papers to create this project.
